# SKILLECTED

## Transforming Careers in Tech

Learn Skills. Build Careers. Get Placed.

# ABOUT US

**SkillEcted** is an industry-driven training, upskilling, and placement platform built to bridge the gap between education and real-world IT careers.

We focus on practical learning, real projects, expert mentorship, and direct placement support, enabling learners to become job-ready for today's fast-evolving tech industry.

At Skillected, students don't just learn technology – they build skills that companies actually hire for.

[www.skillected.com](http://www.skillected.com)

# VISION & MISSION

## VISION

To create a future-ready workforce where every learner is empowered with industry-relevant skills, real project experience, and meaningful career opportunities.

## MISSION

To make learners job-ready through hands-on training, expert mentorship, and strong placement support – all under one ecosystem.

# WHY SKILLECTED

## Traditional Learning vs SkillEcted

Aspect	Traditional Training	SkillEcted
Curriculum	Theory-heavy	Industry-aligned & updated
Learning Style	Passive lectures	Hands-on projects & labs
Mentorship	Limited	Industry experts & founders
Projects	Mini / academic	Real-world industry projects
Placement	Self-driven	Dedicated placement support
Outcome	Certificate only	Skills + Portfolio + Job readiness

**SkillEcted** ensures learners graduate with confidence, capability, and career clarity.

# INDUSTRY-ALIGNED CURRICULUM

Courses are designed with current industry needs in mind.

## Full-Stack Dev.

- HTML fundamentals
- CSS styling & responsiveness
- JavaScript basics
- DOM manipulation
- Problem-solving using JavaScript
- Node.js fundamentals
- Database basics & CRUD
- React.js basics
- API integration
- Mini projects

## TOOLS

VS Code   HTML5   CSS3   JavaScript (ES6)   Node.js & npm   React.js  
MongoDB / MySQL   Postman   Git & GitHub

# INDUSTRY-ALIGNED CURRICULUM

Courses are designed with current industry needs in mind.

## Data Science

- Foundations of data science
- Python & SQL for data science
- Data preprocessing & feature engineering
- Exploratory Data Analysis
- Supervised learning algorithms
- Unsupervised learning techniques
- Deep learning fundamentals
- NLP concepts
- Model deployment
- AI ethics & advanced AI

## Data Analytics

- Introduction to data analytics
- Data types, sources & lifecycle
- Data cleaning & preparation
- Excel for data analysis
- Advanced Excel dashboards
- SQL fundamentals & joins
- Advanced SQL queries
- Python for analytics
- Exploratory Data Analysis (EDA)
- Business intelligence & reporting

## TOOLS

Microsoft Excel MySQL / PostgreSQL Power BI Tableau Python Jupyter Notebook Pandas NumPy Scikit-learn TensorFlow Keras PyTorch

# INDUSTRY-ALIGNED CURRICULUM

Courses are designed with current industry needs in mind.

## Cybersecurity

- Cybersecurity fundamentals & CIA Triad
- Threats, vulnerabilities & risk management
- Networking basics (TCP/IP, DNS, DHCP, VPN, NAT)
- Windows & Linux operating systems
- Ethical hacking & reconnaissance
- Scanning & enumeration
- System hacking & privilege escalation
- Vulnerability assessment (CVE, CVSS)
- OWASP Top 10 web vulnerabilities
- Network & cloud security concepts

## DevOps & Cloud Er.

- SDLC models & Agile methodology
- Version control & collaboration
- Linux administration & scripting
- CI/CD pipelines
- Cloud fundamentals
- AWS core services
- Containerization
- Container orchestration
- Infrastructure as Code
- Monitoring & logging

## TOOLS

Git & GitHub Linux (Ubuntu, Kali) Jenkins Docker Kubernetes Terraform  
AWS Console & CLI Nmap Wireshark OWASP ZAP OpenVAS Nikto

# INDUSTRY-ALIGNED CURRICULUM

Courses are designed with current industry needs in mind.

## Embedded System

- Embedded systems fundamentals
- Embedded C & C++ programming
- Microcontroller architecture
- 8051 & ARM architecture
- Assembly language programming
- Linux internals & device drivers
- Networking & TCP/IP stack
- RTOS concepts
- Hardware interfacing
- Robotics & real-time projects

## Soft Skills Training

- Verbal & written communication
- Business email writing
- Workplace etiquette
- Presentation & public speaking
- Interview preparation
- Resume building
- LinkedIn profile optimization
- Time management
- Teamwork & collaboration
- Career readiness

## TOOLS

# SUCCESS STORIES

Sakshi S Walukar  
**System Associate**  
**TCS**

SkillEcted's curriculum is perfectly aligned with industry needs. I landed a job in 3 months!

Vijay Mahajan  
**System Associate**  
**Infosys**

The mentorship and hands-on projects helped me switch careers effortlessly.

Laxman Patil  
**System Associate**  
**Infosys**

The curriculum is modern and challenging. The community is amazing.

Faizan Tamboli  
**DevOps Engineer**  
**Deloitte**

SkillEcted gave me confidence with CI/CD, Docker, and AWS. Life-changing.

Komal Bhosale  
**AI/ML Engineer**  
**Fund Web**

Superb mentors and projects. Got my first AI job!

Omkar Naiknavare  
**Backend Engineer**  
**Motion Education**

SkillEcted's problem-solving sessions made me interview-ready.

Omkar Pawar  
**Product Engineer**  
**Motion Education**

The curriculum + portfolio projects helped me crack multiple offers.

Prashant Bhalerao  
**Blockchain Developer**  
**Apex Planet**

Hands-on blockchain modules were game-changing.
